

What is an area of land called that is wet for all or part of the year?

Answer (EN)

A wetland.

The question's phrasing — "an area of land that is wet for all or part of the year" —matches the source definition of a wetland. The paper states: "A wetland is an area that is wet for all or part of the year."

中文速览

湿地 (wetland)。该问题的措辞 (“一年中全部或部分时间潮湿的土地”) 与源材料中湿地的定义一致。

Source evidence

"A wetland is an area that is wet for all or part of the year. Wetlands are home to certain types of plants."
